3. No well shall be drilled on Lessor's property, nor shall Lessee enter upon or install any surface installation of any nature whatsoever on the leased property, the within Lease being granted solely for the purpose of permitting the Lessee to unitize the leased property with other properties, which other properties shall bear all the burden of development. Lessor understands and gives consent that, due to slant (directional) drilling, originating from surface entry on a parcel not owned by Lessor, the wellbore may pass through or terminate below the surface of Lessor's property. The surface location of any new well or new tank battery shall not be within one hundred feet of a pre-existing occupied dwelling on said premises, and this lease shall operate as Lessor's consent to that one hundred foot setback.

4. This lease shall be binding on all heirs, successors, and assigns of Lessor and Lessee. No change of ownership shall be binding on Lessee until Lessee has received adequate evidence of transfer. If the leased land is hereinafter owned in separate tracts, the premises, nevertheless, shall be treated as an entirety and all payments due shall be paid proportionally to each separate owner, and if Lessor owns less than the entire fee, Lessor shall be paid only his proportional share of any payment due. Lessee may at any time surrender this Lease in whole or in part.

5. Lessor hereby warrants and agrees to defend title to the land herein described and agrees that Lessee, at its option, may pay and discharge any taxes, mortgages, or other liens existing, levied, or assessed on or against the said lands and, in the event it exercises such option, it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself for any payments due hereunder.

6. Lessee agrees to pay Lessor a sum of \$150.00 as a signing bonus consideration, payable prior to drilling.
